

Planning Commission Minutes
Thursday, January 19, 2017
Readsboro School at 6:00 PM

Present: Forrest Hicks, Inger Strom-Henriksen, Susan Bailey

Absent: Priscilla Margola

Old Business:

Reviewed and approved the minutes with changes of the December 1, 2016 Meeting. Motion to approve minutes made by Inger and seconded by Forrest. All approved.

Remainder of the meeting was spent reviewing sections that remain to be reviewed and updated in the Town Plan (Chapter 5) Natural Resources/Water Resources/Wetlands/Ground Water/Air Quality/Soils and Topography/Mineral and Earth Resources/Enduring Features and Special Natural Areas/Fish and Wildlife/Forest Resources etc.

One additional topic was mentioned as we reviewed some of the specific sites, that many should be mapped and marked as having a significant impact on community and past history. Many go by local names (Lord's Peak) but only those having a long history know their location and perhaps even why they carry that label. Commission this would be a nice project to work with the Historical Society to mark these sites with their history.

Planning Commission has not received any inquiries expressing interest in the Zoning Administrator Position.

Planning Commission received information regarding the Dutch Hill/South of Route 9 Project. An informational meeting is scheduled for Wednesday, Jan. 25 at 3PM at the Lodge at Prospect Mountain in Woodford. All are invited to attend. Chair cannot make the meeting but Forrest thought he might be able to attend.

There being no further business brought before the Commission, Inger made motion to adjourn, seconded by Forrest, so moved. The Commission adjourned at 7:43 PM

Respectfully submitted,

Susan Bailey, Chair
